CEMETERIES

The Ashley County Extension Homemakers would like to add the cemetery recordings that are not listed in the two bound volumes in your public library.

Many hours and days were spent locating and recording these records. It was learned after much work had been done that many cemeteries had already been recorded and into book form. We wish to just update records that you do not have. Listed are several black cemeteries in the County but with no information recorded.

St. Peter's or
Thebes Cemetery
(Black)

Is located on Highway 82E that used to be the community of Thebes just over in the delta between Snyder and Montrose. The small cemetery is located on the left side of the road in between two fields and just across the road from a nice brick home. At one time it was learned that a church used to stand here also and a thriving community. This cemetery was rather grown up at the time it was recorded in March of 1986.
